**TO WHOM IT MY CONCERN**

This is to confirm that **Mr. Jawaad Asim** has completed internship from July 25, 2022 till September 2, 2022 at the Robot Maker Lab (RML) of National Centre of Robotics and Automation, NUST College of E&ME. During this period, he assisted in research and development for several projects which are currently under development at the RML. The projects that he has worked on include Agribot, CNC Milling Machine Operations, Laser Cutting and CAD Modelling.

He showed extreme interest and dedication in his work and performed according to the high standards of the centre. He possesses a pleasing personality with the enthusiasm to work hard and ability to learn fast. We wish him luck for all his future endeavors.
